01 / INTERVIEW CLOTHES

A fresh start. A ready outfit.

Interview clothes, clean and ready on a budget.

1 Choose it. Check the label.

Pick your outfit early. Follow each item's washing, drying and ironing instructions. Set dry-clean-only pieces aside.

2 Empty pockets. Sort gently.

Separate colors and care needs. Undo shirt buttons, remove collar stays and keep lint-shedding towels away from your outfit.

3 Treat spots before washing.

Check collars and cuffs. Use a fabric-safe treatment as directed; test a hidden area first. Never mix cleaning products.

4 Measure. Wash with room.

Use the detergent's labeled dose for your load and washer. Follow the garment's cycle and temperature limits; don't overfill.

5 Check spots. Dry with care.

Look for remaining stains before heat. Re-treat if safe. Follow the drying label and remove clothes promptly to reduce wrinkles.

6 Finish the night before.

Iron only as the label permits. Check lint, buttons and shoes. Hang the ready outfit and set out your interview essentials.

Keep the cost down

Use what you have. Measure detergent. Plan early enough to air-dry when the label allows. This guide is free to print and share.
